

## Silicone Tray Mats

**For the protection & easy retrieval of delicate surgical instruments  
from trays & baskets**

### **Product Codes: Quote Silicone Tray Mats**

The silicone fingers of these mats gently but firmly cushion instruments from damage and assist in holding the items in place.

The mats are suitable for Steam, EO & Gas Plasma sterilisation and complement our selection of trays & baskets perfectly.

The mats are available with bubble or perforated bases and range in sizes from 197 x 197 mm to 1000 mm x 229 mm
